

Middle School Mathematics Teacher

School Description

Santa Catalina School is a vibrant, independent, Catholic school offering student-centered co-education to PreK through grade 8 and an all-girls' boarding and day college preparatory upper school serving grades 9 through 12. *Santa Catalina exists to develop in each student a striving for excellence, a maturing awareness of moral and spiritual values, a sense of responsible purpose, and a determination to serve the world with courage, grace, and compassion.* With the cornerstones of excellence, spirituality, service, and responsibility, the school is committed to providing a supportive learning community for each student to grow in their intellectual, personal, and spiritual life, making Santa Catalina a transformational educational experience for its students.

Position Summary

Santa Catalina School, a nationally recognized PreK-12 independent Catholic school in Monterey, California, is currently seeking a Middle School Mathematics Teacher. The Lower and Middle School is composed of over 250 pre-kindergarten through eighth grade students, whose dedicated faculty and staff collaborate to design and deliver a dynamic learning environment. This is an opportunity to join students and teachers who joyfully and actively engage together in creating a values-based, intentional community. The Mathematics Teacher will join a highly collaborative and dedicated faculty who are committed to strengthening and enriching learning through innovative teaching methods that enable students to identify and solve problems, bridge content across traditional "subject" domains, and develop an unshakable growth mindset.

Description

This role is responsible for teaching mathematics to fifth through eighth grade students; establishing positive relationships with students, their families, and colleagues; grade-appropriate curriculum planning and instruction; and for innovation, creativity, integration between disciplines, and integration of technology use throughout the program. This role also serves as a middle school advisor. Reporting to the Head of Lower and Middle School, the Mathematics Teacher will join a department that works closely together and values collegiality.

Santa Catalina School believes that each employee makes a significant contribution to its success. That contribution should not be limited by the assigned responsibilities. Therefore, this position description is designed to outline primary duties, qualifications, and job scope, but not limit the incumbent nor the organization to just the work identified. It is our expectation that each employee will offer his/her services wherever and whenever necessary to ensure the success of our endeavors.

Essential Responsibilities

- Teach five sections of fifth–eighth grade math, potentially from fifth grade arithmetic to geometry honors
- Apply knowledge of child development to teaching and classroom management
- Establish and communicate clear instructional objectives for all learning activities and assessment metrics, in alignment with existing curricular standards and programs
- Understand and employ developmentally appropriate pedagogical approaches and varied presentation styles to ensure high student engagement
- Actively employ various assessment methods in order to fully address different learning needs
- Create a classroom environment centered on problem-solving, synthesizing information, and integrating knowledge
- Communicate clearly in writing and verbally to students, other teachers, parents, and administrators regarding student progress and student needs
- Maintain accurate and complete records of student progress and development to adjust teaching strategies
- Pursue professional development to maintain expertise in performance of teaching responsibilities and promote the sharing of best practices with other members of the school's faculty community
- Show genuine concern for students: demonstrate deep investment in student learning and success both in and out of the classroom
- Manage student behavior in and out of the classroom by establishing and enforcing rules and procedures
- Serve as middle school advisor and collaborate with grade level advisors as part of the Advisory Team.
- Participate and support the life of the school through various duties as assigned
- Attend and engage in department, school, and parent meetings

Other Responsibilities

- Other duties as assigned

Qualifications

- A bachelor's degree in related field required, mathematics preferred, and master's degree preferred
- Teaching credential preferred
- Two or more years of experience as a math teacher at a middle school level or higher preferred
- A commitment to the mission and identity of Santa Catalina School
- A desire to participate fully in the Santa Catalina community

Santa Catalina School

- Successful completion of a LiveScan criminal background check as required by law

Competencies

- Deep understanding of arithmetic, algebra, and geometry
- Ability to differentiate instruction, foster mathematical reasoning, and engage students in problem-solving and real-world applications
- Ability to design formative and summative assessments
- Demonstrated evaluative and facilitative skills
- Excellent verbal and written skills
- Approachable and welcoming demeanor
- Cultural competence and enthusiasm for working with a diverse and dynamic community
- Strong interpersonal skills, including good listening, humor, tact, intuition, and confidentiality
- Excellent writing, communication, and public speaking skills
- Ability to create responsive, caring, and appropriate relationships with students, families, and colleagues
- Strong organizational and record-keeping skills and digital literacy
- Understanding of the dynamics of a school community
- Ability to assess and respond to the needs of the school and act as a representative of the school
- Commitment to professional growth and education
- Ability to function well under stress

Supervisory Responsibilities

- This position does not supervise other employees

Working Conditions and Compensation

- Be able to sit and meet with students for extended periods of time each day
- Work at a desk and computer screen for extended periods of time each day
- Ability to access buildings and facilities throughout a 36-acre campus, with reasonable accommodations, in order to meet with students and faculty
- Additional time is required beyond a normal day or week for evening and weekend meetings to attend school events and represent the school in the community
- Work in a school environment with a wide variety of challenges, deadlines, and people
- Salary Range: \$55,000–\$90,000 depending on experience

Equal Employment Opportunity
